What does this program offer?

This program offers a fun and challenging educational environment for students ages 13-18, (age as of program start date). No previous theatrical experience is required.

All enrolled students will be cast in the show. Students will learn about audition techniques and will be guided through the preparation of audition materials.

Students will be trained through workshops and will be taken through the entire rehearsal process. They will learn about vocal technique, acting, choreography, theatrical terms and theory.

Our focus is to build theatrical skills, as well as life skills, and to create an understanding of the importance of such things as teamwork and time management. Students will gain self confidence and a greater understanding of theatre as they work toward their final performance.
